## CRYOLIPOLYSIS (WGT-312): \$990.00

Cryolipolysis uses controlled freezing to freeze and destroy fat cells. The body then gradually disposes of the fat cells in a natural manner. This treatment is safe, painless and unlike liposuction, does not require an invasive surgery or an anesthetic.

Cryolipolysis is a targeted approach to slim down specific body zones such as the thighs, belly, chin, etc.

**\*Please note Skin Anatomy/Laser Safety is a prerequisite for this course.**

## HYBRID EYELASH EXTENSIONS (LSH-210): \$990.00

Classic and Volume COMBINED. This is a gorgeous option for those that need that added extra, but do not want full out volume.

This look is achieved by applying a 50/50 mix of 1 to 1 Classic Lashes and hand-made fanned Volume Lashes. They are versatile in offering a thicker, denser look than Classic Lashes, but without the uniformity of a typical Volume Extension set.

**\*Please note Lash Theory/Mapping and Classic Eyelash Extensions are prerequisites for this course.**

## MEGA VOLUME EYELASH EXTENSIONS (LSH-330): \$990.00

Mega Volume is the use of much thinner lashes, 0.03mm and 0.04mm in gD-16D to create a fuller look than Volume Eyelash Extensions. The use of these ultra-fine lashes allows us to keep the lash weight light while giving that Mega Volume effect.

The level of Mega Volume that we use can vary, depending on the look desired by the client, as well as what their natural lashes can safely support.

**\*Please note Lash Theory/Mapping and Volume Eyelash Extensions are prerequisites for this course.**

## MICROBLADING (MPN-318): \$990.00

Microblading is a cosmetic tattooing technique in which a small handheld tool made of several tiny needles is used to add semi-permanent pigment to the skin. Microblading differs from standard eyebrow tattooing because each hairstroke is created by hand using a blade which creates fine slices in the skin, whereas eyebrow tattoos are done with a machine and single needle. Microblading is typically used on eyebrows to create, enhance, or reshape their appearance in terms of both shape and colour.

**\*Please note PMU Theory is a prerequisite for this course.**

## HYBRID BROWS (MPN-120): \$990.00

The Hybrid Brow is a revolutionary technique that combines modern day Permanent Makeup with Microblading. The other well-known description or result is a Combination Brow. These two separate techniques have the ultimate goal of achieving an enhanced stunning defined brow. The first stage creates fine crisp hair strokes using a hand tool with a specific needle to suit the skin and desired result. The second stage is using a digital Permanent Makeup machine to create depth, volume and 3D texture alongside the Microblade hair strokes. It is amazing, looks fabulous and may be suitable for your clients.
